HAWAII PARENT

45,000 COPIES EACH EDITION

Distribution Guarantee

Every copy of every issue is put into the hands of someone who wants it and will use it!

The key to success in advertising is distribution. Get to the right people with valuable information in a format that is convenient and appealing and you will get results.

For the last 18 years, *Hawaii Parent* has developed a distribution network that reaches the largest consumer group on Oahu, households with children fourteen and under. Our affiliation with schools, retail establishments, the military, parenting organizations, libraries, medical centers and hospitals, ensures that we have the highest quality distribution.

Our guarantee to you is that every copy of every issue is put into the hands of someone who wants it and will use it. The demand for *Hawaii Parent* is so high that the supply always runs out before the next issue is distributed.

The reason I can make this guarantee is because I personally monitor the distribution of each edition. If you have any questions about distribution, I will be happy to take you to various sites and show you how it is done.

Charles Harrington
Publisher

Distribution Analysis (6 editions per year)

Delivered

180 Schools / Preschools
106 Retail Locations
30 Parent Organizations
